## Show 'n Shine & Swap Meet Success

Overcast and cool conditions did not dampen the spirit for visitors and vendors to this year's Show 'N Shine and Swap Meet which was held for the first time at the Caboolture Showgrounds on Beerburum and Old Gympie Roads.

A year of preparations by Club members culminated in a rewarding outcome for the Club. The day prior to the event saw a working-bee of members enthusiastically preparing the venue and directing early swap meet vendors to their sites. On the

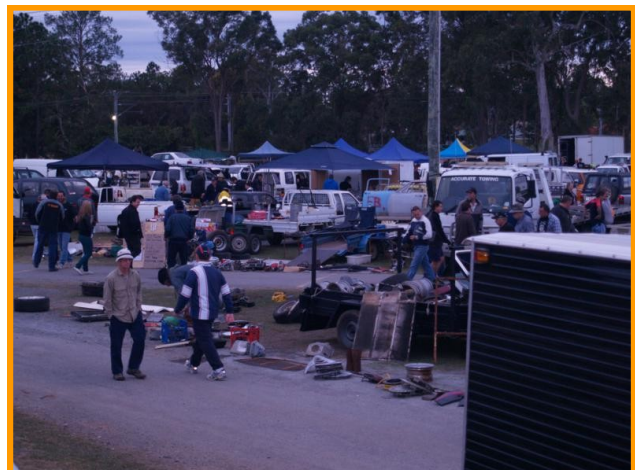

day of the show, Club members had an early start at 4:30am to prepare for the onslaught of show 'n shine entrants, swap meet vendors and the public. Members worked tirelessly for many hours manning the gates and collecting entrance fees, directing entrants, vendors and the public. Many worked for the duration of the show without a break.

An array of excellent cars was on show which made for a difficult job for the judges to decide the winners for the various categories. The trophy display was nothing but spectacular and would quite easily have outclassed that of other more 'upmarket' car shows. The high-quality of the trophies is attributed to the many sponsors who gave generously for which the Club is truly grateful.

There are many people deserved of special thanks for their roles in the event, but first and foremost are the sponsors, without whom the show would not have been the success that it was. From a Club point-of-view, the efforts of the coordinators Cathy and Dave Kuhrt, Kev Lewis and Carl Talboys were unsurpassed. But there were many more members, the unsung heroes, who assisted along the way. Too many to mention and a grateful thank you to all.

Lastly, the Club welcomes the several new members who joined on the day. We look forward to see you at future Club events.

Next Show 'N Shine and Swap Meet ....  
Saturday 22nd June 2013.

## Muscle On The Mountain, Maleny ~ 01 July 2012

About 20 cars departed the 'Big Fish' for the run to Woodford for breakfast at the Woodford Village Hotel and then onto Maleny for the second annual 'Muscle On The Mountain' car show. The event is held to raise awareness of men's health and in particular awareness of prostate cancer. I had been advised that this year's event raised over \$10,000 for the Prostate Cancer Foundation of Australia.

After a week of rain, the day could not have turned-out better; perfect, sunny conditions.

Upon arriving at Woodford, the cars were parked opposite the hotel and then everybody zoned-in for an all-you-can-eat breakfast. This completed, some chose to go their merry way while others headed for Maleny via the Kilcoy/Beerwah and Stanley River Roads. By the time Club members arrived, the Maleny showgrounds was fast filling, and by noon, there was standing room only.

Some excellent and unusual cars were on display, but like most car shows, it can become a bit boring particularly for the entrants, so some members decided to depart early.

Later in the day, a fatal motorcycle accident on the corner of Kilcoy/Beerwah and Stanley River Roads resulted in traffic being turned around and directed back towards Maleny. Bummer! I got into a bit of a social chat with one of the police (said he liked the Torrie!). He advised me to hang about as he had just received word that the road would be opened shortly. Great as I didn't fancy driving back to Maleny or though Bellthorpe. He was right and I was soon on the move but diverted to Commissioners Flat Road at Peachester. There I was met by another cop. "My compatriots told me you were heading this way. Nice Torana, mate!" I wonder whether being a geriatric jetsetter has its merits as I doubt whether a 19 year-old driving such a car would have received the same welcome. Suffice to say, a great day out despite the fatality. Lance.

## Newsletter ~ Snail Mail, Email or via the Web Site?

If you prefer that your copy of the newsletter emailed, then please let the editor know. Emailing of the newsletter presents a number of advantages for both the Club and members in that it is more cost-effective and less time and resource-hungry. In addition, by email, your newsletter will arrive in living, vivid colour.

However, if you are content on viewing the newsletter via the Club's web site, this will also be advantageous for the Club. Please let the editor know.

Dakota is 16 and has just been diagnosed with a rare condition called Friedreichs Ataxia.

FARA supports scientific research of the neurological, degenerative disease Friedreichs Ataxia (FA). FA affects young children and teenagers, initially causing co-ordination problems, slurred speech and difficulty walking. Progressively it causes incapacitation and cardiac failure. With a reduced life expectancy, it is a race against time for all FA sufferers and their families.

We are raising money for this great cause, and we would love for you to come along and enjoy the family day.  
There will be a free concert in the park with 6 bands and also solo artists,  
a sausage sizzle and raffles and an auction for great prizes from our local businesses.
